(Solanum melongena)

CHINESE STRING EGGPLANT

Buttery tender east China variety, our favorite for raw eating! No bitter flavor and super tender; most gourmet eggplant we have tried. Very high yielding; plants produce profusions of 10-12 inch long fruit with lavender skin and snowy white flesh. Great for the grill!

PLANTING INSTRUCTIONS

Start indoors in bright light 8-12 weeks before last frost date. Heat mat helps to warm soil and speed germination. Setting out larger transplants helps to fight pest pressure.
