(Capsicum annuum)

BUENA MULATA PEPPER

An historic variety from African American folk artist, Horace Pippin. A chameleon-like pepper; violet to pinkish-flesh, then orange to brown, then deep red. Long, round pods 6-7", unique flavor.

PLANTING INSTRUCTIONS

Start indoors in bright light 8-12 weeks before last frost date. Heat mat helps to warm soil and speed germination. Peppers often appreciate a bit of afternoon shade during the hottest summer weather.
