PAINTED MOUNTAIN CORN

Montana farmer, Dave Christensen has sampled from over 70 open pollinated varieties since the 1970s of corn to create painted mountain corn. Diverse range of colors on 7" cobs. Modest 4-5' plants often throw two cobs.

PLANTING INSTRUCTIONS

Direct-sow into the richest soil available
1-2 weeks before last spring frost.
Succession-planting prolongs harvest;
planting in blocks improves pollination.
