**(Citrullus lanatus)**

**SILVER YAMATO WATERMELON**

Extremely high-quality texture and complex, sweet flavor have made Silver Yamato an instant classic. Early to mature, it is great for a range of climates and at 6-10 pounds, perfect for the home or market gardener.

**PLANTING INSTRUCTIONS**

Melons prefer slightly sandy, very rich, well-drained soil. Be careful not to over water vines, especially as fruit is approaching maturity.
