PUMPKIN SPIGE JALAPENO PEPPER
PACKED FOR 2022 SELL BY 12/31/22

(Capsicum annum)

PUMPKIN SPIGE JALAPENO PEPPER

New Mexico State Univ. breeders used natural backcrossing techniques to develop this festive, pumpkin-colored new jalapeno. Spicy, ornamental and well adapted to hot, dry climates.

PLANTING INSTRUCTIONS

Start indoors in bright light 8-12 weeks before last frost date. Heat mat helps to warm soil and speed germination. Peppers often appreciate a bit of afternoon shade during the hottest summer weather.
