ALBINO BULLNOSE PEPPER

A snow white version of the old favorite
bullnose pepper. Beautiful, blocky 3-4"
peppers are a lovely cream color. Nice, mild,
sweet flavor; ripen to red-orange.

PLANTING INSTRUCTIONS

Start indoors in bright light 8-12 weeks before last
frost date. Heat mat helps to warm soil and speed
germination. Peppers often appreciate a bit
of afternoon shade during the hottest
summer weather.
